

CABLE PROTECTORS

REFER TO RED CODE: (ie **MCP**) UNDER IMAGE IN OUR PRICE LIST FOR COMPLETE PRODUCT DESCRIPTION

CABLE & HOSE PROTECTORS - (Linkable)

The heavy duty, non conductive, recycled rubber construction means you can safely run cars across cables without fear of damage. Protects valuable electrical cables from foot traffic and vehicles.

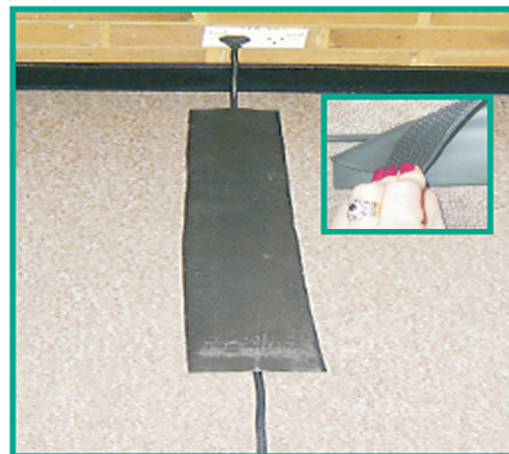

- IDEAL FOR INDUSTRIAL APPLICATIONS
- SUITABLE FOR INDOOR OR OUTDOOR USE
- CHECKER PLATE PATTERN FOR INCREASED TRACTION

Code: **MCP**

900mm + connectors x 600mm x 70mm

CABLE PROTECTOR (Carpet)

Protects electrical leads where they run across carpet. It has the additional and very important benefit of preventing trips and stumbles. Carpet cable protector consists of a tough flexible vinyl strip with carpet gripping velcro along both sides.
