

ANTI SLIP ADHESIVE MATS & STAIR AND FLOOR COVERS

REFER TO RED CODE: (ie TAC) NEAR IMAGE IN OUR PRICE LIST FOR COMPLETE PRODUCT DESCRIPTION

ADHESIVE MATTING

These anti-slip mats are self adhesive and are highly visible with a very coarse tread plate. Use TAC02 & TAC04 warning messages for added impact or TAC06 has both a reflective red and white stripe and a luminous strip for poor light and power outage. Apply to any clean dust free surface. Mats are 600x150mm

STAIR & NOSE COVERS

Heavy-duty and durable pre-fabricated sections designed specifically to create an effective anti-slip surface in all commercial and industrial situations. Ideal for any size stairs or steps, medium sized floors and walkways. Eg. Staircases, machinery, equipment, vehicle platforms, walkways, wet or oily areas. Able to sustain heavy pedestrian and light vehicle traffic. Can be used in areas that are exposed to oils, solvents, water, chemicals and acids. Also ideal for areas which are odour or fume sensitive.

The surface must be thoroughly chemically cleaned if covers are to be adhered. No surface preparation required if fixings are to be used. Caulking compound recommended if covers are to be secured with fixings. Spacings between covers should be no greater than 100mm to 150mm on flat surfaces.

CODE	DESCRIPTION
