E FLARE CARRY BAG
R18BAGS Small
R18BAGL Large
Small bag will carry 2 E Flares.
Large Bag will carry 4 E Flares

E Flare beacons are designed to be intensely bright and can be seen over 1 kilometre. Each unit is 210mm tall and weights only 450grams including batteries. Simple and easy to use just twist the lens to turn on or off, and place one or more units around to provide a highly visible warning and safety zone around a person, work area, hazard or accident. Easily attaches to belts, clothing, vehicles, cones or bollards. **Batteries not included.**
